# STORY PLANNING

## **1. Getting your story started!** *(Beginning)*

Who is your main character?

Where do they live (setting)?

What are they doing today?

## **2. Uh oh, something happened!** *(Middle)*

What is the problem?

Who or what causes it?

## **3. Time to fix it!** *(End)*

How does the character solve the problem? (Do they solve it right away or do they try something that doesn't work at first?)

How does your story end?
