

LET'S CREATE!

LETTER ANIMALS

- **Use letters from the alphabet, and make animals!**
- Draw different body parts using the different letter shapes. For example, you can make a pig out of: **E** (snout), **O** (eye), **M** (ears), two **W**'s (feet), and a cursive **e** (tail!):

- Doodling is drawing for the fun of it. Have fun with how **BIG** and **small** the letters are.
- Can you make it so that nobody can tell you're using letters? Let your imagination go unexpected places!
- If you feel like you've mastered letter animals, you can also:
 - *Make up your own creatures*
 - *Draw people*
 - *Your home (focus on the details!)*
